Notebooks at the Kranich-Gymnasium

Past

- In October 2000: Resolution of the schoolboard and the city council to start a project on “new technologies”
- Joining the project 1000x1000 in cooperation with N-21 (Lower Saxony)
- Since 2001 subject “new technologies“ in class 7 and private laptops in class 7
- Since 2004 subject “new technologies“ in class 6 (2 hours/ week)
- Education with laptops was part of the curricula in some subjects (Mathematics, foreign languages, biology, chemistry,...)

Notebooks at the Kranich-Gymnasium

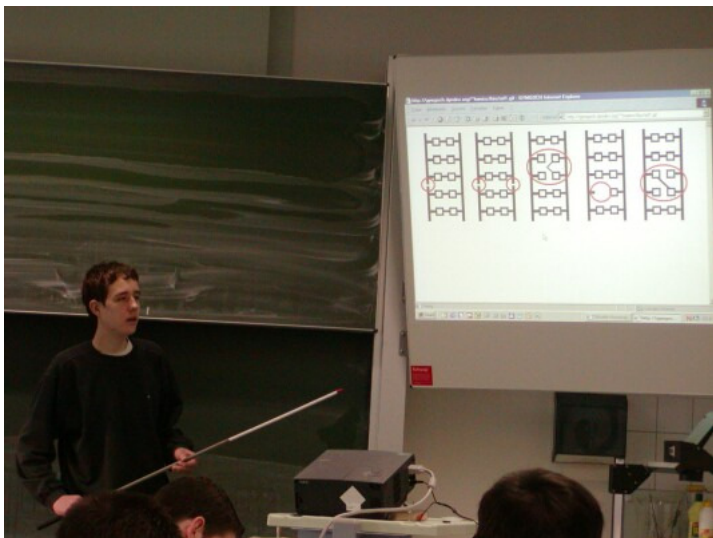

Today

- 650 students (class 7-13) with private laptops/netbooks at the school
- Many teachers got advanced training for the special needs of new technologies in education
- Curriculum “new technologies” at the school
- Teachers should buy their own laptops!
- Additional set of 30 laptops for extra classes and testing
- One separate room with desktop-pc

Notebooks at the Kranich-Gymnasium

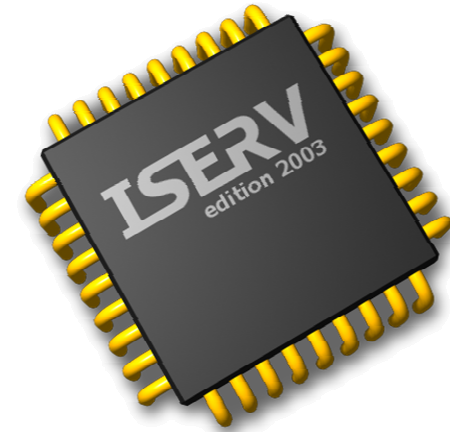

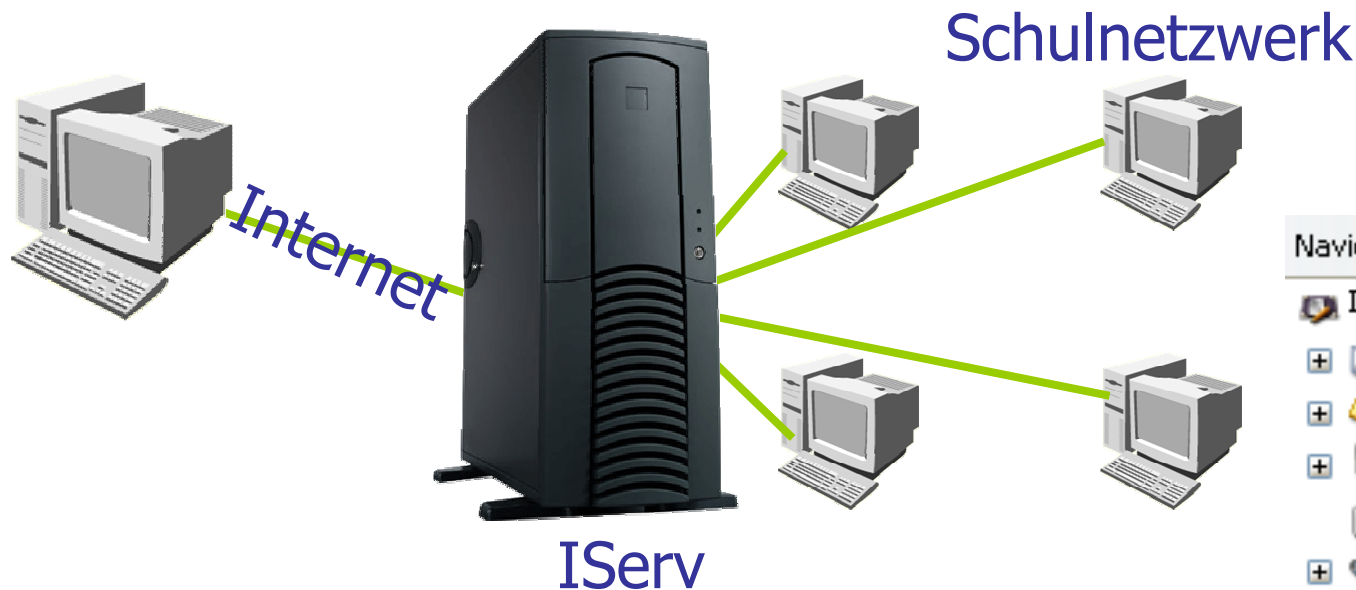

Equipment

- Wifi access for the complete building (W-LAN ca. 40 classrooms and 10 premises for physics, chemistry, biology, music, art)
- More than 40 rooms and premises are equipped with vga-projectors
 - But they have to be attended and replaced!
- Extra power outlets in classrooms,
- High voltage current for the school-building
- Printers in some premises
- School-Intranet IServ (server)

IServ: school intranet
